Hare Krishna Prabhus!

Please accept my respects. All Glories to Srila Prabhupada & Sri Caitanya Mahaprabhu!

At the March 9th, 2020 Gaur Purnima festival, I released the book and movie with the same name called **DECEPTION**. These media productions were the culmination of a three-year study about the poison conspiracy (P-CON) fraud. The title explains it all. Those who have seen the movie or read the book seem to concur that the material provided there completely destroys all the nonsense evidence that has been used to keep this ugly rumor alive.

Many of you knew all along this was a bunch of nonsense, but unfortunately many others were sucked into this sham for one reason or another. Some of those devotees may not be inclined to stop promoting this rumor because it fills a need they have, but many others simply want convincing evidence that it never occurred for their hearts and minds to be at rest. **This offer to being send every qualifying manager in ISKCON to receive a FREE copy of my book DECEPTION. It is intended to provide all of you the tools you need to respond to this colossal fraud when you are called upon to do so. This is important because for a very small contingent of confused individuals the P-CON has always been about undermining ISKCON management and that must be stopped!**

DECEPTION
A true story about a man who extrapolated
the conspiracy of a profound
20th century spiritual revolutionary.

In November of 1977, His Divine Grace A.C. Bhaktivedanta Swami Prabhupada left this mortal world surrounded by hundreds of his beloved disciples. The formal cause for his departure was a heart attack complicated by kidney failure and diabetes. Twenty years later a rumor began that alleged his departure was due to an intricately planned, secret plot, masterminded by his most trusted disciples, to poison him with an elixir of exotic heavy metals.

The Poison Conspiracy (PCON) sounded completely absurd to those who lovingly nursed the founder of the Hare Krishna movement through the predictable death trajectory that is typical when one's organs fail. Nonetheless, An investigation was launched confirming that the rumor was frivolous, contrived and mean spirited. Having no court-worthy evidence to proceed, a few disillusioned individuals conceived of a massive propaganda campaign to undermine the faith of the innocent. They alleged that the individuals responsible for this murder were overwhelmed by a lust for power, destroyed the evidence, and covered up the crime. This was a crime that rivals even the most heinous crimes of history.

DECEPTION explores the type of dynamic that lies at the foundation of all conspiracy theories conceived in the shadows of a common human condition. Scientists have observed that these fictitious dramas fulfill an emotional need left vacant in the lives of those conditioned by fear, humiliation, pain, disillusionment, angst, frustration or a deep need to be heard and recognized.

In this case the cost is attempting to severely disrupt the operations of the world's largest publisher and distributor of the ancient sacred scriptures. The people needed in this world spinning out of control. Having no alternative, they had to achieve their goal, the people behind the vindictive PCON took their agenda into the street. Following in the footsteps of the renowned Nazi propagandist Joseph Goebbels, this controversy is being tried in the same court of public opinion that brings out the worst of mankind in the form of mutiny, anarchy, lynch mobs, terrorism and genocide.

Augmented with contemporary examples, historical precedents and interesting facts, **DECEPTION** provides a rare and comprehensive look at this complex and sordid subject in a thorough, accessible, and engaging manner. It is intended to develop a greater appreciation for how quickly the conditioned soul can be misled by the confounding forces of envy, ignorance, pride, contempt, and quarrel that permeates the dawn of Kali Yuga. Thoughtful individuals will gain insight into the emotional tactics and comprehensive Deception Conspiracy to educate the poorly informed into believing something that is true. An objective individual will be able to welcome the numerous facts and examples that expose how the general public has been intentionally misled into wrongly believing that His Divine Grace was murdered by his own disciples.

DECEPTION offers convincing evidence that prove how senior members of the Hare Krishna movement did not have the time, resources, knowledge, opportunity or motive to poison their beloved Spiritual Master, His Divine Grace A.C. Bhaktivedanta Swami Prabhupada.

Your **FREE** copy of **DECEPTION**, the book that crushed the Poison Conspiracy (P-CON), now awaits qualifying ISKCON managers. Read this invitation how to get your copy!

This is the opportunity for everyone who is fed up with this ugly attack on Srila Prabhupada's movement to respond collectively with irrefutable facts. Bhakti Vikash Maharaj has already begun the campaign to expose all this nonsense by providing a public forum where those who believe there is any credibility the P-CON can post their views or questions. (See: <https://www.akincana.net/community/pcon/>) I agreed to respond to whatever anyone who accepts this challenge posts there, but so far there has hardly been any significant response! The web master at that site will keep it all civil. Those who misbehave, fail to address the issues or acts like a brat will have their contributions limited or perhaps removed if their posts are just dysfunctional acrimony.

It's time to change the taboo consciousness that has prevailed over the P-CON for the last 20 years. At one point it was wise to not draw attention to this sordid matter but that is no longer the case. You may think it died out a long time ago but it hides around the corner from the temple or in the shadows where only those promoting this propaganda hold their vigil (particularly outside of India). The PCON lurks right under the nose of even the biggest ISKCON managers. *I personally met a mataji and her daughter at the 2020 Mayapura Gaur Purnima festival who believed that Jayapataka Maharaj was an active member of the P-CON.* The fact that she believed this horrid rumor was not the alarming part because there are many others like her. *What was particularly disturbing was that I met her at the annual reception feast Jayapataka Swami sponsors for his godbrothers & godsisters on the roof terrace of the Conch building!*

DECEPTION is a comprehensive management tool compiled to expose the gross P-Con fraud. To get this task done I am willing to cover the costs involved in printing and sending a copy of the book **DECEPTION** to qualifying ISKCON managers who would like to receive it. (Qualifying managers include: Initiating Gurus, Members of the GBC, Sanyasis & Temple Presidents)

I realize some leaders are way too busy to even review my book but at least they should know a manual for dealing with this ugly rumor is now available when they need to confront the issue. Some may be exhausted thinking about the absurdity of the P-Con and that is also understandable. But many have had to deal with this rumor in one form or another. Perhaps it arrived as a question in a public lecture, or as spam in your newsletter or inbox. Maybe you spend hours counseling young devotees who got bitten by the P-CON snake and you are now ready to do something about all these rude intrusions. If you want to be more effective in confronting this ruse, then all you need to do is fill out the short form requesting your own copy of **DECEPTION**. It will take less than 5 minutes to fill out the registration form provided here:

<http://jagannatha.com/deception-book-offer/>

When I receive your request, I will arrange for you to get a copy of **DECEPTION** as a gift of appreciation for the years of service you have given to Srila Prabhupada. Please do not postpone this effort because after a while I will make other offers to other individuals based on how many books remain unclaimed from this initiative. I spent a lot of time and almost ten thousand dollars to snuff out this ugly propaganda ISKCON has been plagued by. The request sheet is a small formality that is necessary so I know where and whom I am sending the book. That information will also be used to cross-check and confirm that only those who are part of ISKCON leadership will benefit from this FREE offer.

Due to a rigorous 25-year advertising campaign the use of tobacco in high school dropped by 25%. This illustrates how effectively the public can be taught to change their opinions. The introduction of the P-CON rumor has had a similar effect but instead of reducing the risk of cancer, it has promoted that deadly disease in the hearts of many young people coming to Krishna Consciousness. However, if we do not take a firm unified action to confront this cancerous P-Con propaganda, it can fester and spring up again like cancer is known for doing. I have done what I can to protect Srila Prabhupada from this insidious attack and I am hoping each of you will agree to do what you can to assist in snuffing out the P-CON butts.

Here is an array of ways you can assist in this campaign.

1. Get your sponsored copy of **DECEPTION**, and at least review it, then share the content whenever appropriate.
2. Watch the movie **DECEPTION** and forward the link to those receptive to watching it.
3. Support a formal GBC statement acknowledging the facts identified in **DECEPTION** that expose the P-CON as a very clear and intentional fraud. The real concern is that since 2017, after the PCON emerged for a 2nd wave of unfounded allegations, the GBC has not yet issued a formal response denouncing it with tangible facts. Until something like this is done, those who are behind this subversion will interpret such hesitancy as a sign of

"For one who explains the supreme secret to the devotees, devotional service is guaranteed and at the end he will come to Me."

weakness, confusion, or even a tacit agreement that the P-CON occurred.

4. I have already spoken with Ekanatha and Paramarupa prabhush at the BBT archives and they are willing to take on the technical challenges of including the highly illustrated **DECEPTION** in the next release of the Vedabase Folio. All they are waiting for is a nod of approval to do that. Please clear the way for them to include **DECEPTION** into the Folio so this work will be available for the historians to consult when having to unravel the absurdity of the P-CON.
5. Consider leaving a statement endorsing **DECEPTION** on the Amazon page where the book is available for purchase. (Found here: (<http://jagannatha.com/deception-the-book/>) There are already some encouraging notes there, but you will see at least one compulsively negative review. That was posted immediately after the book became available, but there was no way this individual could have ordered and read the book so quickly. (This is an excellent example of the type of radical fanaticism that the P-CON rumor has attracted to its ranks.)
6. If you supervise any version of social media, such as a blog or webpage, for presenting Krishna Consciousness, please consider following the example set by Bhakti Vikash Maharaj. All the information related to exposing the P-CON has been collected nicely at the following URL:

<http://jagannatha.com/library/deception-pcon-t-com/>

Consider posting a feature that will point interested parties to this link so people can become properly educated and discover for themselves the conspiracy that created the Poison Conspiracy!

7. Feel free to contact me directly for any clarification or if there is anything else I can do to assist you in helping "Stomp out the Poison Conspiracy Propaganda."

I hope this meets you in good health and ongoing memories of The Supreme Personality of Godhead!

Thank You!
