Subhadra Collapsible Umbrell

This is a beautiful rendition of Krishna's divine sister Subhadra, the Goddess in charge of the spiritual energy. She is only available as a collapsible umbrella which fits nicely into a jacket pocket or ladies purse. Her canopy is supported by nylon spines which are more durable than folding umbrellas that use aluminum ribs. When opened her smile spreads across a 36-inch span to match the same coverage available from her older brother Lord Jagannatha himself. This is a really fun umbrella that will attract attention everywhere you go and bring a smile to everyone you meet.
