Dhira Govinda's (DG) Critique of DECEPTION research!

three-year independent investigation of the 20-year poison conspiracy (P-Con) was published as a movie & book called **DECEPTION**. DG claims to have read that study which identified many questions about the alleged P-Con that require answers. To this date neither DG, or any of the alleged illustrious No-Truth-Team even acknowledges the presence of those truth exposing questions. Instead, he just doubled down with sentiments, prejudices and OPINIONS to emote why he believes in the sordid P-Con fraud that DECEPTION uses court-worthy evidence to prove it never could have happened.

hira Govinda didn't know HDG when he departed Nov 14, 1977. Yet he boldly asserts: "for me, conditioned soul that I am, it is clear Srila Prabhuapda was expressing concern that he was being given poison with homicidal intent." SPTD 565 After admitting his conditioning, DG then proclaims his emotionally tinged OPINIONS as arrogantly as Nico does: The truths related to his disappearance have been deliberately concealed...12<sup>(1)</sup> There can be no reasonable objection to (my) assertion(s) ... how ISKCON handled (P-Con)14<sup>(2)</sup> I don't see how someone... who is sincere... can pose such an argument. 14 (3) Srila Prabhupada was speaking about being deliberately poisoned 2X... someone was giving him poison, 15 unmistakably expressed ... he was being poisoned. -SPTD p16 to

(1) This is simply **DG's very negative opinion** based on his own conspiracy to bomb the World Trade center on 911 but rational people dismiss those who believe such preposterous nonsense as people who suffer from derangement.

(2) The fact that you unilaterally rule out ALL objections which do not concur with your OPINIONS reflects a raw hubris that does not negate their validity.

(3) More hubris? This is equivalent to priggishly declaring that those who agree with me are sincere, & ALL other vaishnavas who don't are superficial!

(4) Just another inflated "OPINION" that completely ignores what SP said: 16:07 Srila Prabhupada: NO! These kind of symptoms are seen when a man is poisoned. He said like that, not that I am poisoned. "The real issue is do we believe our Spiritual Master when he says, Someone is poisoning met? "NOT that I am poisoned." Do we believe that the words of our Spiritual Master are never wrong?" -SHPM 387

(5) This unmistakably confirms the impudence exposed in comment three.

long standing ISKCON leaders. It attracts support from those who are angry and have unresolved wounds from traumatic samskaras. Regardless of how "corrupt" one may be, it is NOT evidence of murder. Those incapable of understanding jurisprudence are emotionally inclined to blaspheme Vaishnavas with P-Con hyperbole. That is a violation of the 1st offence and condemned by every one of our acharyas. ISKCON-Bashers tend to be proud and believe they are more saintly, learned, and ethical than ALL the other Gaudia Vaishna on this side of the universe. Eccentrics rationalize they can ignore court-worthy evidence and offend Lord Caitanyas servants because: "Those devotees don't practice bhakti purely." If they were learned, they would know that is a dire mistake;

"The scriptures state that even if reprobates, cheaters, hypocrites, pretenders, outcastes, and worse take up devotional service, needless to say they are still considered to be sadhus. They must not be criticized for their past, however terrible it may have been, and they

cannot be barred from being accepted as Vaisnava devotees nor can their devotion be deprecated."

-Narrotam Dasa Thakura, Madhurya-Kadambani, Third Wave.

All great leaders find the good in others and steer them away from their foibles like Srila Prabhupada suspicions. Eccentrics also believe that George Bush intentionally conspired so majestically demonstrated. Yet DG does just the opposite which is completely unexpected for a man who prides himself in leadership. The contempt expressed in his rationalization below is also astonishing.

Audio-forensic professionals,16<sup>(1)</sup> Cadmium studies,17<sup>(2)</sup> "too much history...of hiding truths from devotees", 20 (3) "the vast majority of other devotees... are... innocent...ignorant or allowed themselves to be influenced",21<sup>(4)</sup> practically all, connected with the ISKCON organization have been fooled.21<sup>(5)</sup> I get the impression it's "this or that." 20 (6) Decades of flagrant, often gross, shameful and repulsive efforts to block and obscure Srila Prabhupada's direct relationship with his sincere followers.23<sup>(7)</sup> This has been the source of untold anguish, pain and suffering for countless people.-sptd p23<sup>(8)</sup>

- (1) Failing to acknowledge the extensive disagreement reported by the paid audio engineers is either gross incompetence or obvious evidence of denial. See: #6.No Whisper Evidence
- (2) Dr. Morris's expert opinion was: "NO Joe" could have pulled off the P-Con Plot as alleged. It is also an undisputable fact that cadmium was not adequately understood in 1977 for anyone to have used it as alleged in the P-Con fiction. See #8 Cadmium 1977
- The P-Con relies on extrapolating inauspicious motives from good intentions of (3) Traumatized people see what they feel and are often suspicious of everyone. Nico is notorious for lying yet DG heralds his wild propaganda that accuses TKG of killing HDG?
  - (4) This arrogantly insulting subjective OPINION reeks with insolence defiant of Siksastaka 3.
  - (5) A myopic self-serving OPINION that an aware individual would know applies both ways.
  - (6) Either murder occurred or not. Until proved, prejudicial bigotry eclipses DG's acumen.
  - (7) This insinuates an endorsement of the macabre RtVik-Charade which is rejected by ALL vaishnava lines as a contrived march towards do-it-yourself hard core mayavadi philosophy. When included here it confirms bitter contempt for Srila Prabhupada's ISKCON.

(8) This is a sensational statement that evokes emotion but has nothing to do with proving or rationalizing the insidious aparada of accusing TKG of murder.

Vise men understand the prudence of erring on the side of caution, especially before accusing someone of murder and even more so if that person is a Vaishnava! The haste in which that has been done by those who jumped on the P-Con butchers-block confirms either a deep-seated form of evil, or tremendous failure to understanding how jurisprudence works in the civilized world. Either case is adequate reason to not give any credence to the vacuous allegations that characterize what the No-Truth Team publishes.

QUESTION: Is it honorable to cry "murder" based predominantly on feelings, presumptions, and a sever distrust for the GBC when there is no reasonable explanation for how the crime was committed? Is your idea of "living in excellence" accusing others of murder before they are found guilty? How do you justify defying HDG who requested: "Of course, disagreements may be there, but there should not be dissension."-May 30, 1968 Are anarchists your "True Friends that challenge you to be your best and not sell you short?" -Relationships that Work, p198
