Questions the Poison Conspiracy Anarchists Refuse to Answer

The Socratic method for uncovering the truth is to ask revealing questions. The book DECEPTION exposes a litany of inconsistencies in the Poison Conspiracy and as long as those promoting this charade continue to avoid doing that, it is all and honest individual needs to fully dispose of this mendacious rumor.

“Our greatest pretenses are built up not to hide the evil and the ugly in us, but our emptiness. Facts do not cease to exist because they are ignored.” - Aldous Huxley

Legal Bluffing

1. Why does Nico appeal to the “Court of Public Opinion” instead of a real court where 12 jurors could hear all of his proof, rule on it and punish the offenders if proven guilty?
2. Why is so much, rumor, innuendo, character assassination and pseudo-science relied on for P-Con evidence?
3. Why have the details of the P-Con allegation changed so many times since 1999?
4. Nico tells us that Napoleon was allegedly poisoned by his own senior officers and compares that to how he claims Srila Prabhupada was betrayed. However, Napoleon was NOT poisoned by his own men and died a natural death just like Srila Prabhupada did. So, is this an example of Nico’s very bad research or just another way he attempts to keep his sordid ruse alive?
5. Nico claims to have spent \$300,000 promoting an event that never happened. On several occasions he has threatened ISKCON managers to “confess” to the crime of poisoning Srila Prabhupada because if they don’t, he threatens to finish them off with his legal team! But since 1999 Nico has NOT been able to convince ANY firm or attorney to take his fabricated allegations seriously, so what legal resource is he referring to? Failing to disclose even ONE member of his legal team for all this time shows proof that Nico has no case and is simply bluffing.
6. To further his malicious agenda Nico started the rumor that Adi Kesava’s father worked for the CIA and had contacts to give information on how to poison Srila Prabhupada. That got picked up by ISKCON-Bashers who use it whenever it can be used to tear down ISKCON’s integrity. Nico takes advantage of all this suspicious gossip to further his P-Con agenda casting Adi Kesava and his dad as possible players in filling in aspects of the unexplained P-Con anomalies. However, all references to the CIA and Adi Kesava’s father are another example of pure P-Con hype. When Adi-Kesava was requested to address all the rumors he clearly confirmed:
 - A. His father was never employed or involved with the CIA.
 - B. None of his father’s activity were pertinent to ISKCON.
 - C. Both of his parents cared deeply about the devotees they knew.
 Why does Nico continue to cast suspicions over Adi Kesava and his father despite these given facts?

How Time Exposes the P-Con Fraud <http://jagannatha.com/how-time-exposes-the-p-con-fraud/>

Poison Conspiracy Has NO Scientific Proof <http://jagannatha.com/p-con-not-scientifically-proved/>

Unprofessional & Absurd Non-Reasoning

1. Nico postulates that Tamal Krishna Goswami (TKG) began poisoning His Divine Grace (HDG) in Feb 1977. At that time Srila Prabhupada was praising TKG for the tremendous success he had with the six-bus

Radha Damodar Travelling Sankirtan Party campaign, the management of the 13 story 55th Street Temple in Manhattan NY, and the victory of the court case established ISKCON as a legitimate religious institution! What reason would TKG have to poison HDG when he perhaps was the most internationally praised disciple in 1977?

2. Why are so many of the references used to prop up the P-Con unanimous or unknown? Why should any reasonable person accept any testimony from witnesses that Nico says he cannot (or will not) identify?
3. The children’s Chicken Little story cautions us to be wary of four ways con-artists cheat the gullible.
 - #1 Use of flattery to convince insignificant people they are born leaders.
 - #2 To influence the masses, aim first for the least intelligent.
 - #3 If you tell them a lie don’t tell a little one, tell a big one.
 - #4 Use propaganda to undermine the faith of the masses in their leaders.

In the book DECEPTION, numerous examples of how Nico crafted his P-Con propaganda to flatter the least intelligent with his big P-Con lie that undermines their faith in ISKCON. That is so unprofessional we would like to know why he does that if he had real court-worthy evidence to make his case?

4. In 1999 Nico originally reported with 100% certainty that Srila Prabhupada was poisoned by arsenic. Almost 20 years later he then reports with equal certainty that it was cadmium which drove his soul out. Is this another example of Nico’s sloppy research or an example of the attention craved “Boy Who Cried Wolf” syndrome?
5. Is it honorable for Nico to cry “murder” based predominantly on feelings, presumptions, and a severe distrust for the GBC when he admits he has no reasonable explanation for *HOW* the crime was committed?
6. Law enforcement is very careful to establish a reasonable cause before they arrest anyone, especially in a murder case! Why are those who continue to prop up the P-Con so willing to ignore this important principle even at the risk of being libel for criminal slander?

Poison Conspiracy Utilizes Chicken Little Tactics <http://jagannatha.com/p-con-lessons-from-chicken-little/>
What are the Odds? <http://jagannatha.com/what-are-p-con-odds/>

Whisper Evidence

1. The possibility of finding hidden P-Con whispers, ignited sleuths everywhere. to rigorously listen for confessions lurking on the last few Prabhupada recordings. Those hounds originally tweaked out 54 suspicious sounds but they were so absurd even deranged Nico realized they could not be pumped up enough to support his P-Con ruse. So that list got cut to just four potential incriminating whispers and then one of them immediately got cut as flimflam by his own hired audio staff.

Despite what Nico claims, the audio engineers did NOT agree on the details of what was said on those three ambient sounds. When an unprejudiced ear listens to these sounds, they fail to provide any evidence that a crime was committed. Even Nico agrees “on their own, whispers prove absolutely nothing!” So why do people keep referring to the whispers as proof Srila Prabhupada was poisoned?

2. Tamal Krishna Goswami is accused as being the mastermind behind the complex conspiracy to poison Srila Prabhupada. He allegedly executed his brilliant plot without ever being caught or questioned about any of his actions. Yet at the same time, TKG is portrayed as being so pathetically stupid he knowingly made self-incriminating statements, to a bystander, loud enough to be captured on a tape recorder he probably started himself! Was TKG brilliant, pathetically stupid, or neither and the whole P-Con ruse is just Nico’s vindictive fabrication?
3. Nico tells us his star audio witness Jack Mitchel was so professional he had \$250K of audio equipment and many years of doing forensic audio analysis. But Jack tells us he only had about \$50K of equipment and spend the overwhelming majority of his time studying and just making music! Jack completely disappeared after milking Nico for thousands of dollars in fees and the Show FRONTLINE, produced by PBS, tells us Jack’s forensic credentials were forged! If Jack Mitchel is the best witness Nico could get to decipher the hyped-up whisper evidence, why should any reasonable individual take any of the claims Nico makes about whispers seriously?

- Professional audio forensic engineers do NOT want to be told what to listen for when hired because if they are later called to testify in court, they cannot be accused of having been “Told what to listen for.” The “Power of Suggestion” is so strong it compromises the authenticity of any unbiased audio analysis. If that occurs, an attentive attorney would insist that evidence to be tossed out. Nico tells us that he not only told his hired fleet of seven audio pimps specifically what to listen for, but exactly where to listen for it on the tape! Is this the type of flim-flam nonsense you are willing to accept as P-Con evidence?

No Whisper Evidence <https://jagannatha.com/no-whisper-evidence/>

Misrepresenting Srila Prabhupada’s Own Comments

- On numerous occasions Srila Prabhupada requested not to be taken to a hospital regardless of how ill he became. On November 3rd, 1977 he specifically pleaded with his disciples: “That is my only request, that *at the last stage don’t torture me and put to death...* This is the decision, that in case it does not improve, let me die here.” **Srila Prabhupada considered hospital procedures as torture.** Nico clips out the middle portion of this statement to make it appear that Srila Prabhupada’s own disciples were torturing him with the intent of putting him to death! Why does Nico misrepresent what Srila Prabhupada said?
- In a similar way Nico gives the impression that Srila Prabhupada was nervous about being killed by his own disciples when he said: “And Lord Jesus Christ was killed. **So, they may kill me also.**” This is an excellent example of just how invested Nico’s is in getting you to believe what he wants you to believe. When we hear the whole quote spoken on May 3, 1976 in Honolulu, Nico’s blatant dishonesty is fully revealed:
“Prabhupada: “If this movement goes on, then how all these nightclubs will go on? How all breweries will go on? How all slaughterhouse will go on, cigarette factories will go on?” ... This is our position. Gradually they {...those who are flourishing by selling cigarettes and wine and liquor, (will say) ... “Immediately kill him.”(At 6:29) ... They will want to crush down this movement. ... So, there may be attempt like that. And Lord Jesus Christ was killed. So, they may kill me also.”
 Nico’s purpose in life is to convince everyone Srila Prabhupada’s disciples plotting to kill him and he will do whatever it takes to achieve that. Are you foolish enough to support his demonic agenda?
- For many years Srila Prabhupada was a robust, fast walking septuagenarian. When his liver and kidney began to fail, the life-giving quality of purely filtered blood was lost. That led to rapid weight loss and made him bedridden. Most devotees were not around HDG while this transformation occurred so when they eventually did see him again, they were often shocked at this transformation. Eventually a disciple said something like: “*It looks like you/he has been poisoned!*” Indeed, it did look like that and Srila Prabhupada heard what was said!

HDG was so disturbed about how his emaciated physical body caused distress to his disciples he was finally asked on November 8th, 1977 what was bothering him? Srila Prabhupada responded: “*Someone says that, somebody has given me poison...*” He was then asked: “*Who is saying?*” And his response was: “*All these friends... they all say.*” This was also true. Many devotees were describing Srila Prabhupada’s new physique to be like that of someone who had been poisoned. Perceiving how this turn in the conversation had raised even more suspicions and become counterproductive, HDG abruptly changed the conversation to astrology.

The next day TKG was so concerned about what Srila Prabhupada had said the day before and he inquired: “*... you said before that you... that it is said that you were poisoned?*” To which Srila Prabhupada replied very affirmatively: “**NO!** *These kinds of symptoms are seen when a man is poisoned. He said like that, not that I am poisoned!*” HDG unequivocally confirms that he was NOT saying he was poisoned. Yet some are so invested in perpetuating the ugly P-Con rumor they misconstrue this exchange by telling others he said: “*Someone has poisoned me!*” Why would a person with integrity do that?

- Furthered evidence of how presumptuous the P-Con pundits are is how they admit to projecting their own intended interpretation into the comments of HDG. Many believe there was a plot to murder Srila Prabhupada based on the false claim that he said: “*Someone has poisoned me!*” Nico perpetuates this falsehood by making this statement the title of his first diatribe even though the spectrograph on the covers do not illustrate those words! This lie gave the so-called Truth-Team an opportunity to come clean and this is a very rare example of where they do admit:

*“He never said, ‘... They have poisoned me.’ It is we (investigating)⁽¹⁾ with facts⁽²⁾ and hindsight who see it as a *ca-bal at work*⁽³⁾” -JFY 70*

(1) Those who are investigating are the reliably incompetent agenda driven so-called truth-committee

- (2) Not very many facts involved here but a whole lot of bitterness, resentment, suspicion, speculation, contempt, anger, and hurt etc.
- (3) You look for what you want to find and if it is not there you just make it up! (atmavan manyate jagat)
- So: We ask again here: If the P-Con writers admit Srila Prabhupada did NOT say: "Someone has poisoned me!" why do so ~~many~~ some people continue to believe he did?

Poison Conspiracy Damage Control <http://jagannatha.com/poison-conspiracy-damage-control-1/>

Hair Analysis & Cadmium Fraud

1. Nico attempts to show other examples of cadmium poisoning but he completely fails in that task. When studied closely, none of the examples he presents have anything to do with cadmium! Is this another example of Nico's incompetence, or is he relying on the ignorance of his sycophants to not even notice this sleight-of-word?
2. Nico declares very assertively that Photophobia (light sensitive eyes) is a symptom of cadmium poisoning. Yet this can be easily disproved by anyone who attempts to find it listed in a medical journal that lists the symptoms of cadmium poisoning.
3. To explain the nefarious aspects of the P-Con, Nico enlists the "Notorious" Chandra Swami and portrays him as a villainous operative in Indian Politics. He then postulates that Chandra Swami may have helped Tamal Krishna Goswami (TKG) with the knowledge required to make the P-Con plausible. But TKG barely knew Chandra Swami and was too busy with the NY court case to spend any time with him! So how is this speculation any form of proof considering how unlikely it ever happened?
4. On Oct. 25th, 1977 Tape #1 at 5:46 wherein Srila Prabhupada told Tamal Krishna Goswami: "That means he (Chandra Swami) is honest." Yet Nico writes 15 pages in an attempt to convince us how dishonest Chandra Swami was and a pivotal player in the conspiracy to murder Srila Prabhupada. Is it wiser to believe Nico or Srila Prabhupada?
5. Nico then speculates that Chandra Swami prepared the Ayurvedic makharadhvaja medicine Srila Prabhupada took with excess heavy metals for the purpose of poisoning him. As fascinating as this may be, it only serves as a distractive speculation to prop up the P-Con. Is this the best Nico can dig up as evidence to prop up his bogus P-Con?
6. In the world of nuclear physics, the Neutron Activation Analysis (ANN) process is heralded for its ability to study the contents of a sample without destroying it. It is specifically lauded for preserving the sample so it can be used for future analysis! But Nico tells us the hair samples which allegedly generated abnormally high readings were destroyed from the tests Dr. Morris did. This conveniently makes it impossible for anyone else to ever test them for a second opinion! Was Dr. Morris's work so sloppy he inadvertently destroyed the hair samples or did Nico destroy them so nobody could prove he lied about the results?
7. Three of Nico's hired forensic hair specialists advised that when considering the results of Srila Prabhupada's hair studies to NOT: "rule out external contamination" Yet Nico intentionally disregards all of them, withholds this information and reports just the opposite! Why would he do that?
8. Nico shamelessly tells us that Dr. Morris is an expert in hair analysis. The truth is the study he did on tiny particles of Srila Prabhupada's hair was the first hair analysis he ever did with the NAA equipment. This explains why Dr. Morris had to make many trial adjustments to the equipment in his lab just to get any results. Why does Nico misrepresent Dr. Morris's experience in hair analysis?
9. Nico tells us the custody of Srila Prabhupada's hair was carefully handled according to the legal Chain of Custody rules required for any admissible evidence. However; this either means Nico is pathetically uninformed about what those rules are, or he is simply lying about how the hair was NOT protected from possible malicious contamination. Do you believe Nico is ignorant about what the Chain of Custody standards are, or do you think he is knowingly misrepresenting this important fact in an attempt to earn credibility from the ignorant?

10. Where did TKG acquire cadmium, the pharmaceutical knowledge of how to mix it and rate to administer it with the precision clockwork Dr. Morris says no ordinary joe could do?
["The recipe, doses, and application of a slow acting cadmium poisoning was definitely beyond the ability or imagination of the average Joe." -Dr. Morris -KGBG 625](#)
11. Originally TKG was the primary target for masterminding the Poison Conspiracy fraud. After he passed away in 2003 Bhakti Charu Swami immediately became the NEW target for plotting this atrocity. Then he passed away in 2020. Why is the P-Con still being discussed if its purpose is to bring the wrongdoers to justice?
12. World class toxicologist Dr. Pillay’s professional opinion is consistent with scientific medical reasoning & reduces the P-Con down to an unrealistic **"Bollywood Thriller!"** Why is his experience as an expert in toxicology completely ignored by those who continue to promote the Poison Conspiracy ruse?
13. Dr. Pillay firmly confirmed that cadmium attacks the bone and can be immediately discovered by even an entry level medical student. Yet none of the medical people who examined Srila Prabhupada found any evidence of abnormal bone deterioration. How would that be possible if HDG ingested so much cadmium over several months that it eventually destroyed his body completely?
14. In April of 2019 KTVU television tells us about a man at Berkley Engineering & Research (BEAR), who attempted to poison his co-worker with cadmium exactly the way Nico accuses TKG of doing it in 1977. We learn how 34-year-old employee, David Xu, was arrested for poisoning the canteen of his co-worker Rong Yuan. Mr. Xu got caught because Rone Yuan could taste the presence of cadmium, felt the effects immediately and was quickly diagnosed by the local hospital where she went for treatment. But Nico tells us cadmium is tasteless but that is not what we learn from this event so what does he is his statement based on?
15. How did Tamal Krishna Goswami-know cadmium could be used as a poisoning agent in 1977 when in 2013 John Hopkins University reported: ["We already know about the health hazards of heavy metals like lead and mercury, but we don't know much about what cadmium does to the body."](#)

Nico’s History of Prevarication, Dodging the Law & Pathological Cheating

1. In the opening statement of a murder trial the prosecuting attorney would use the evidence he collected to explain in detail how the accused committed the crime. Nico openly admits he is guessing about many of the required details to reasonably explain how his destructive P-Con fantasy could have ever happened but so what! Who is asking! This is why he prefers to avoid a courtroom and prey upon the less-astute “Chicken Little” types. In a desperate attempt to breathe life in to his comatose nightmare he offers a \$50,000 reward to anyone who can help him write a more believable story. But if he doesn’t have proper evidence why is any astute individual taking this obviously fictitious P-Con balderdash so seriously?
2. Nico writes over 200 pages defaming TKG but then cries like a baby when his own train-wreck life is presented so others can evaluate his own very questionable credibility! Isn’t the public entitled to know how dysfunctional the author of all this malicious propaganda is?
3. Nico is so disconnected from reality that he claimed evidence of his fantasy can be found by playing tapes of TKG backwards. He tells us that if one does so, we can hear TKG saying:

Forward:	Backward:
"under your care"	= "I kill you now"
"and turn off the light. Would you..."	= "Fail upon arsenic"
"travelling all over India, Srila Prabhupada"	= "You're not gonna shame me along the life"
"we're here chanting"	= "masquerade the milk"
"translating or otherwise"	= "S'know that I'm the emperor"
"to cook for you"	= "We fuck it"
"Sankaracharya line will..."	= "Oh, now they arshed a cup"
"Well, if he does not come"	= "Muck inside you flow"

Will someone please explain how any of this proves anything other than just how psychotic Nico Kuyt is?

4. Why should anyone believe anything Nico claims when his first son felt his father was such a danger to all those around him he created a whole website warning about his chronically selfish idiosyncrasies: There his son informs us: **"Nico's grandiose fantasies at the moment revolve around the theories of Srila Prabhupada's poisoning. He dreams that he will be the big shot that solves the case and puts the poisoners in jail. He thinks he is taking on the GBC and that he is a threat to them."** Are your loyalties to what his son describes as a chronic narcissist, self-centered, delusional, irresponsible, pathological cheater or to Srila Prabhupada's loyal disciples?
5. Nico ran from Fiji when his family collapsed just like he ran from North Carolina to avoid being dragged into court by HH Bhakti Charu Swami for slander. Why would any stable person with integrity support an individual who has the nauseous reputation for casting a complex web of intentionally promoted lies everywhere he goes?
6. Harry Barnes is a history revisionist and Nico praises him for the temerity to change the past when he felt the history books got it wrong. In the early 1960's Mr. Barnes began to boldly assert that the Holocaust in Germany never happened and they did not systematically kill six million Jews! It is evident by Nico's behavior that Harry is Nico's idol who is acting like his siksa guru. Devotees understand how important the law of association is, so: **"Are you proud to follow in the footsteps of Nico and Harry?"**
7. In 1983 Nico was called to testify about his role in the abduction of the minor Robin George. Although he was under oath, on the witness stand and in an Orange County Superior court the Honorable trial Judge Jackman presiding over the trial described Nico's testimony as follows: **"First and foremost, this court must state that in its view the conduct of defendants toward the plaintiffs was outrageous. Furthermore, this court was struck and strongly suspects the jury was struck by the almost universal lack of candor... No one, least of all this court, likes to hear from witnesses who only coincidentally tell the truth."** -DECEPTION 14.1.14 Nico Kuyt exposed for Perjury in Court
8. Unable to provide convincing answers to these P-Con questions, Nico relies on his usual ad-hominem diversion to avoid them: **"The (GBC) employed the eccentric, snarling, hyperactive, combative, and arrogant Mayeswara das to produce yet another whitewash denial cover-up, characterizing the "poison theory" as perpetrated by low persons with a hate agenda. Leaks confirmed, md extensively worked with the GBC which also funded him" -Srila Prabhupada's Triumphant Departure p.557.**

This statement reveals the true character of the person who made it and is exactly how a narcissist is predicted to behave when challenged. Nico further states the GBC hired me and funded my three-year study exposing the P-Con fraud. But his informants are as incompetent as he is. That is an entirely fabricated tale. The truth is I spend approximately \$10k of my own funds to expose Nico's madness. Very few people knew I was doing this research until the results were released on Gaur Purnima Day in 2020. But more importantly, regardless of how the research was done, the questions remain valid and unaddressed. Why doesn't ANYONE who believes in this mass hypnotic hysteria make ANY effort to answer this revealing questions?

7. In the USA every citizen is treated as innocent until PROVEN guilty. Why does Nico and those supporting his P-Con assault completely disregard this legal right and jump directly into wild reckless murder accusations... especially when no reputable attorney is stupid enough to believe any part of the P-Con rat-dung!

Conclusion

1. If those alleging the P-Con are so honorable, why have they flooded the public with controversial propaganda they know is insufficient and has never been properly cross examined? Why do they refuse to give a rational response to any of these questions?
2. The latest version of the P-Con alleges that numerous individuals on the GBC were involved in the poisoning of Srila Prabhupada. If that is the case then how do you explain all of them remaining silent about such a colossal crime committed against their spiritual master for more than 4 decades with no one coming forward with a guilty conscience to break the silence?

- Those promoting the Poison Conspiracy have yet to address any of these questions and are very adroit about dodging, ignoring or belittling them. Why would anyone who claims they want to understand what happened during the last days Srila Prabhupada be so invested in manufacturing evidence, withholding relevant facts and engaging in numerous forms of DECEPTION? Why do they continue to be so evasive about discussing these questions in an open forum and mediated forum?
- There are so many insurmountable gaps in Nico’s fraudulent P-Con allegation, a rational person is compelled to ask: What is the real motive behind those who embrace the P-Con? Are they intellectually challenged or suffering from an unresolved serious emotional disorder?
