

Essential DECEPTION URL's That Expose the Fraud Behind the Insidious Poison Conspiracy Rumor

DECEPTION:Fraud Page (This Page)

<https://jagannatha.com/index-to-deception-urls/>

The proof of how dishonest the Poison allegations are is those who endorse this horrible rumor completely ignore all the court-worthy evidence presented here that exposes how it never could have happened. When you have a malicious agenda, and can not coherently rebut the counter evidence, you have two choices:

1) You write more absurd propaganda like these misguided souls did to distract their Luddite audience:

The Day William Roberts (Mayesvara) Poisoned Srila Prabhupada:

<https://www.prabhupadanugas.eu/news/?p=51107>

OR: 2. You just carry on with your fraud as if no counter-evidence exists! When one thinks that ignoring facts will negate them, or make them just disappear, that response is recognized as a symptom of psychosis.

An objective individual can understand that this type of behavior is further evidence of just how unstable the supporters of this mean-spirited lie really are. Those who live in America enjoy the legal protection of being accepted as *innocent until proven guilty*. But Nico and those who support his sick campaign are so vindictive, they deny those they accuse this simple, law-abiding, decent courtesy. Individuals entrenched in the mode of Ignorance have their own retaliatory agenda and prefer the Lynch Mob approach to resolving contrived allegations. Those in the mode of goodness are terrified of such lawlessness because they know history and where such anarchy can lead. (Salem Witch Trials!)

Provided here are URL's that address the fallacious statements used to prop up the Poison Conspiracy Fraud. Nobody sane individual would accept ANY aspect of this maliciously generated demoniac rumor if they are healthy enough to face these fact-based rebuttals. Everything one needs to unravel these mendacious poisoning accusations can be found here. Each URL provides a link to a more thorough explanation about the topic under question. Many are graphically rendered so they can be clearly understood and shared with others who have been snookered by Nico's completely unfounded Poison Conspiracy propaganda.

DECEPTION The Videos

DECEPTION (The Video 55.34 minutes)

<http://jagannatha.com/deception/>

This is the movie version of the 2020 Poison Conspiracy (P-Con) Fraud. It exposes some of the more obvious problems that those who promote this charade refuse to address. This analysis of the alleged P-Con explains why no professional is willing to put their reputation on the line to support the reprehensible accusations that have been made. What the facts do reveal is the massive DECEPTION that has been used to create this odious lie that could only come from the imagination of a very disturbed mind. Period.

To this day the P-Con "Fraud Team", led by Nico Kuyt, simply ignores the numerous questions that have been raised. Court worthy evidence presented in DECEPTION proves that nobody could have murdered Srila Prabhupada the way it has been contemptuously alleged. The fact that Nico continues to foist contrived P-Con propaganda onto anyone who is unaware of his ruse, is further evidence of the mental illness that lies behind all of this. The contrived P-Con tale is completely unfounded but it is a cowardly attempt to destroy the reputation of ISKCON and its founding leaders! <https://www.youtube.com/watch?v=vA-CzGs8XfA&feature=youtu.be>

What The "Truth Committee" Learned from Chicken Little

<http://jagannatha.com/t-com-chicken-little/>

Four Lessons from Chicken Little Found in the PCON*

To help the American people better understand the technique behind Nazi propaganda during WWII, Walt Disney rendered the story of Chicken Little into a powerful educational tool. The lessons presented therein also apply quite well to the strategy used by Nico and the PCON-Authors. To create so much turmoil with so little evidence, they have applied the following four Machiavellian tactics that Disney effectively illustrated in their rendition of the Chicken Little story.

#1 Use of flattery to convince insignificant people they are born leaders.

#2 To influence the masses, aim first for the least intelligent.

#3 If you tell them a lie don't tell a little one, tell a big one.

#4 Use propaganda to undermine the faith of the masses in their leaders.

The best way for everyone to understand how the PCON-Authors have operated is to watch the entertaining 9-minute rendering of this classic children's tale provided here.

KTVU News Report:

David Xu, Chemical Engineer Poisoning Colleague Using Cadmium!

<https://www.youtube.com/watch?v=nEjso5IL908>

This is a link to a new report where David Xu essentially did exactly what Nico claims Tamal Krishna Did albeit 40 years later. David Xu was a highly degreed chemical engineer and knew how to administer cadmium as a poison and even despite that, his victim immediately knew something was wrong. When she was medically checked the doctors immediately could tell by blood tests she had been poisoned. This true life story exposes all the garbage Nico claims about cadmium not having any taste and how it can lie dormant for months without the body reacting!

QUOTES: *"Strange taste, Immediate headache" - "immediate and significant health problems after consuming this water and food at times requiring emergency care at a hospital. Two other alleged victims who also tested for cadmium"*

DECEPTION The Literature

DECEPTION Deluxe Hard Cover Color Edition

<http://jagannatha.com/product/deception-the-book-that-crushed-the-poison-conspiracy/>

This is a full color hard cover edition of DECEPTION covers the other 80% of the evidence that was NOT included in the movie version of this fraud of the millennia. It provides numerous examples of how the facts were knowingly distorted, and so-called evidence like photophobia was completely made up. It explains how the research done by Dr. Morris was completely controlled by Nico who obfuscates all the disclaimers he made about the outcome of his NAA studies. It also presents a whole chapter of questions that to this date, no

proponent of the P-Con fraud has even attempted to coherently address.

DECEPTION The Abridged & Illustrated FREE Version

<http://jagannatha.com/deception-abridged-illustrated-ed/>

Nico is unable to get any professional to support his contrived Poison Conspiracy (P-Con) fraud in a courtroom. To glean those who have a grievance with ISKCON, or are too mentally unstable to understand coherent reasoning, Nico has resorted to spamming his propaganda anywhere he can. Unfortunately, many innocent individuals get caught up in this insidious campaign that has NOTHING to do with truth. It is all about Nico doing whatever he can to get the attention he craves.

For the uninformed innocent, I have produced a series of graphics that expose the facts which prove how it was impossible for anyone to have poisoned Srila Prabhupada the way Nico has hallucinated. This set is referred to as the Socratic P-Con series because each chart includes focused questions that Nico cannot answer and expose the fraud he has committed. Those who feel compelled to defending Srila Prabhupada, and the senior disciples who have been inappropriately accused of murder, are encouraged to download these colorful plates and post them whenever they encounter anyone who attempts to promote the P-Con

DECEPTION.

1 How Time Exposes the P-Con Fraud (*Illustrated Chart!*)

<http://jagannatha.com/how-time-exposes-the-p-con-fraud/>

In 1976 Tamal Krishna Goswami was being flooded with appreciation from Srila Prabhupada for all the extraordinary preaching he was doing. Nico claims that Tamal chose to reciprocate for all that affection by studying chemistry so he could poison him in a way that nobody had ever done before! This illustration shows how Tamal had absolutely NO time to do that in 1976 and it reveals another example of how utterly absurd Nico's pulp fiction Poison Conspiracy (P-Con) allegations are!

2 Poison Conspiracy Has NO Scientific Proof (*Illustrated Chart!*)

<http://jagannatha.com/p-con-not-scientifically-proved/>

Although Nico tells the less intelligent that he has "Scientific Proof" Srila Prabhupada was poisoned, this chart illustrates how he simply does not know what constitutes "Scientific Proof." None of the claims he makes have been cross-examined by impartial experts.

3. Poison Conspiracy Utilizes Chicken Little Tactics (*Illustrated Chart!*)

<http://jagannatha.com/p-con-lessons-from-chicken-little/>

This chart provides examples of the same four tactics used on Chicken Little. In that classic story the dastardly Fox manipulated the chicken's foolishness to lead the entire barn of tasty animals out so he could eat them for dinner! Nico uses the same tactics to manipulate the innocent into believing his nightmare tragedy of the P-Con.

#1 Use of flattery to convince insignificant people they are born leaders.

#2 To influence the masses, aim first for the least intelligent.

#3 If you tell them a lie don't tell a little one, tell a big one.

#4 Use propaganda to undermine the faith of the masses in their leaders.

4 Poison Conspiracy Damage Control (Illustrated Chart!)

<http://jagannatha.com/poison-conspiracy-damage-control-1/>

Nico had a lot of damage control to do after the release of the movie/book DECEPTION. He could not address the hard questions so he resorts to name calling and spewing whatever his sycophant follower wants to hear... irrelevant of what is true. This chart gives examples of that as well as a dozen other examples of the damaging comments made about the P-Con from other prominent individuals.

5 Hair Studies are NOT Irrefutable Proof (Illustrated Chart!)

<http://jagannatha.com/hair-is-not-irrefutable-proof/>

Dr. Morris provided several disclaimers in regard to how he processed Srila Prabhupada's hair. Nico only reveals the ones he wants his audience to know. This chart explains how the testing Dr. Morris did for arsenic should not be used to draw conclusions about cadmium.

6 No Whisper Evidence (Illustrated Chart!)

<https://jagannatha.com/no-whisper-evidence/>

Nico completely misrepresents all of the results reported by the various audio forensic engineers that he employed to confirm what he wanted. This chart clarifies how the ONLY thing they all agreed on was the presence of the word poison. That proves NOTHING as it was a term frequently used when the attending devotees were discussing the poisons Srila Prabhupadas kidney were failing to filter out of his blood due to advanced diabetic symptoms.

7 Dhira Govinda Self Deception (Illustrated Chart!)

<http://jagannatha.com/dhira-govindas-self-deception/>

It is embarrassing that a man with a PHD in Behavioral Science would jeopardize his reputation endorsing the mad allegations of a very envious narcissist! This chart illustrates how Dhira Govinda's intelligence has become completely eclipsed by his contempt for the GBC. It illustrates how he avoids addressing the pivotal questions that expose the P-Con fraud by waxing on about his own distorted "Feelings & Opinions".

Other Supporting Evidence Exposing Poison Conspiracy Fraud

Vaishnava Seva Savadhana

Important Public Service Warning for Srila Prabhupada's ISKCON

<https://jagannatha.com/vaishnava-seva-savadhana/>

There is a contagious virus that has infected new and some weak Vaishnavas. It can spread like a terrible cancer among those who are informed.

This Public Service announcement is issued to alert those who want to protect themselves from this odious ailment.

DECEPTION Excerpt: "Do Not Torture"

<http://jagannatha.com/deception-do-not-torture/>

A typical example of the type of DECEPTION that Nico does is how he knowingly extracts what he needs to prop up his mendacious Poison Conspiracy Ruse and omits what he does not want his gullible readers to know. He does this without hesitation with all his sources. A good example is the reports provided by Dr. Morris who did the NAA testing on Srila Prabhupadas hair. He specifically cautioned: "Do NOT RULE out external contamination" but Nico claims just the opposite! He engages in this type of DECEPTION in regards to all the reports provided from the Audio Forensics to make claims they did not say.

In this case we are illustrating how Srila Prabhupadas own words have been manipulated to mislead the reader into believing that he was fearful his own disciples would: "torture him and put to death" Yet when we study where this quote is extracted from, we discover he was simply requesting his disciple to NOT send him

to a hospital. All of his personal servants, nurses, and senior disciples knew His Divine Grace strongly objected to modern medical process and for him that would be like being tortured till he died. Srila Prabhupada wanted to leave his body while in his Vrindaban home and that was the instruction his loving disciples were vigilant in following.

DECEPTION Excerpt:

“All Concur: HDG Did NOT say: ‘Someone has Poisoned me!’”

<http://jagannatha.com/all-concur-hdg-did-not-say/>

Many devotees have been internationally led to believe that His Divine Grace exclaimed: “Someone has poisoned me!” This is only because of a massive misinformation campaign that has raged on for over 20 years with virtually no-one pointing out that is another contrived portion of the Poison Conspiracy ruse. When we take the time to look closely we find that even those who promoted this massive DECEPTION campaign admit Srila Prabhupada never said it! The details are fully exposed in the book DECEPTION as explained in this excerpt.

DECEPTION Excerpt: “What Audio Forensic Engineer Tom Owens Actually Report”

<http://jagannatha.com/audio-forensic-tom-owens/>

Nico and his completely DECEPTIVE “Non-Truth Team” do not properly share the results of the studies done by the hired audio forensic engineers. Many of these so-called experts were hardly that, particularly Jack Mitchel who Nico champions as their star witness and whose credentials were fraudulent! Of all those consulted consulted to study the ambient sounds and soft whispers, Mr. Tom Owens of Owl Investigations was the most reputable. His report is presented here for us all to read and interpret for ourselves. Nico does not want anyone to see the attached annotations because this is another example of how intentionally misleading he must be to keep the Poison Conspiracy afloat in his vast sea of prevarication.

The following information is explained in the book DECEPTION
