

Haribolo Prabhus & Matajis, please accept my respects. All Glories to Sri Guru & Sri Gauranga!

Lord Caitanya's Sankirtana Movement is Under Attack

With the advent of the Internet, we are now subjected to a flood of dubious, unchecked, agenda driven misinformation propaganda. Social media allows anyone to broadcast their views worldwide and attract like-minded individuals regardless of how militant or deranged they may be. This is how terrorists, despots, false prophets and those obsessed with conspiracy theories, like Alex Jones, built his *Infowars* empire. Misfits, conditioned by unresolved fear, anger or envy, can only hear what appeals to their emotions. They are incapable of separating fact from fiction. That explains how Alex Jones can get very wealthy serving the paranoid an endlessly flow of ridiculous conspiracy theories. https://www.huffpost.com/entry/alex-jones-conspiracy-theories_n_593eb70ee4b0c5a35ca19685

The Fake News Era

“Fake News” is now a part of life and exploited for political, commercial and evil purposes. If one does not learn how to evaluate the source, validity and content of what shows up on your screen, it's just a matter of time before you get taken advantage of. Therefore, intelligent individuals *check the credibility of the originating source, inconsistencies in the message, and ask penetrating questions* especially when something sounds amiss. This is how they protect themselves from the endless assault of dubious offers like miracle drugs which promises to fix whatever ails you and special deals that are too good to be true. People incapable of doing this are either pathetically naïve or have an emotional need to believe they can eat whatever they want, not do any exercise and still

Vaishnava Seva Savadhana

Hate and distrust are such strong reactionary emotions they impede one's ability to think rationally. Some of the devotees tasked to navigate the infancy of the Hare Krishna movement through the dawn of Kali Yuga had difficulty maintaining the high standards Srila Prabhupada taught. Consequently; many new devotees who trusted those individuals got hurt, felt betrayed and cheated. Those unchecked emotions coalesced into a variety of blow-back ISKCON-Bashing organizations.

Only rare people can transcend the impact of being exploited, cheated, humiliated, threatened, taken advantage of or physically assaulted. But advanced souls are astute enough to not allow the weaknesses of a few prejudice their future relationships. They understand that due to our flawed human nature every organization is challenged by the dormant potential of corruption which can strike anyone, anywhere, at any time. Srila Prabhupada made it clear that ISKCON will never be a utopia and for a lot of new devotees that is a challenging hurdle one must contend with. Regardless of our residual flaws, Srila Prabhupada said of our love for him would be tested by our ability to cooperate and his body as ISKCON healthy and prospering. Sober devotees do not become ISKCON-Bashers because a few individuals fell down along the way. They remain in awe and service to those who have dedicated their lives for propagating the glories of the Holy Name. despite the inevitable challenges, setbacks and sever personal shortcoming.

Common Symptoms Found in All ISKCON-Bashers

A palpable example of how unresolved, emotional dysfunction clouds the reasoning of ISKCON-Bashers is evident by the fact that some believe Srila Prabhupada was murdered by his own senior disciples! Somewhere they heard this unfounded rumor and made the mistake of not taking the time to *check the credibility of the originating source, inconsistencies in the message, and ask penetrating questions*. If they earnestly did that, they would discover that the rumor originated from an individual with a very troubled history, Nico Kuyt, who had his own retaliatory reasons for starting it.

Please be advised that Nico Kuyt (at one time known as Nityananda Das), has published a series of slanderous books about those who built ISKCON into the largest world-wide dispensary of Lord Caitanya's munificent Sankirtan Movement. It appears that individuals who accept the diatribes in his books are either completely unaware of his 40-year pugnacious history, or have their own personal reasons for promoting what is just his own opinionated, offensive, and distraught opinions.

It does not take a PHD in logic to discover all the falsehoods, inconstancies and wild speculations in Nico's publications. It does require that one be whole enough to look at the court-worthy counter evidence which proves Nico's ever changing Poison allegations could have NEVER happened! Nico shamelessly manipulates Srila Prabhupada's departure lila to advance his own manic driven vengeful agenda. Wounded souls are just too invested in

ਨਿੱਲ ਨਾਪੁਣਫ਼ਾਰਾ ਵਾਕਾ ਟਰਾਜ਼...

their own trauma to realize that the accusations Nico spews are unfounded, inaccurate, purely emotional and do not even make any sense. For example: Nico claims photophobia is a symptom of cadmium poisoning... but there is absolutely no medical evidence anywhere to support this intentional lie.

Those not willing to address all the evidence in a pending issue have allowed their intelligence to be overwhelmed by their unresolved negative emotions and are not capable of making an unbiased decision. The word “bigot” is a reference to those in the mode of ignorance who refuse to consider any input that does not support their prejudicial thinking.

There are so many anomalies in Nico’s spinning world they fill a 500pg book which was also rendered into a 55-minute video called **DECEPTION**. Those mature enough that are willing to review this court-worthy evidence concur; It was impossible for anyone to poison Srila Prabhupada the way Nico maliciously alleges. <http://jagannatha.com/deception/>

The “No-Truth Team”

Real truth seekers acknowledge facts when they are presented whereas Nico and his so-called, deceitfully named, “*Truth Team*” ignore all counter-evidence and apparently believe that will make it all magically disappear! This type of myopy is a textbook definition of schizophrenia! <https://www.mayoclinic.org/diseases-conditions/schizophrenia/symptoms-causes/syc-20354443>

Healthy individuals do not hide from the truth, they welcome it and adjust their world views accordingly and become wiser. Those who carefully study what happened in 1977 are relieved to discover Srila Prabhupada was not poisoned. That is why there is no lawyer stupid enough to accept anything Nico has vindictively alleged! In a pathetic attempt to cover up Nico’s chronic madness, he attempts to obfuscate this embarrassing fact with the following misdirection:

“We are not after court convictions, we are after the restoration of the mission,”-KGBG 774
Translation: We are unable to prove anything, our real agenda is anarchy by lynch-mob to destroy ISKCON using DECEPTION.

The emotionally unstable are easily manipulated by individuals like Ales Jones and Nico Kuyt. Such folks are so traumatized they have no respect for the greatest privilege every American is entitled to. You are considered “*Innocent UNTIL proven guilty.*” In 2017, Nico updated his evolving poison script to accuse Tamal Krishna Goswami of murdering Srila Prabhupada using cadmium to poison him. Nico claims Tamal began this subterfuge in the middle of 1976 but only those completely unaware of how much Srila Prabhupada publicly appreciated and praised Tamal at the very time are gullible enough to believe such poppycock!

How Time Exposes the P-Con Fraud (Illustrated Chart!)

<http://jagannatha.com/how-time-exposes-the-p-con-fraud/>

Vaishnava Seva Savadhana

Medical Industry Exposes Poison Conspiracy Fraud

Nico offers absurd speculations in an attempt to explain how Tamal acquired cadmium, found the time to master the perfection of a well-trained chemist to mix it and how he got His Divine Grace to consume it without anyone finding out! The death blow to Nico’s delusional plot comes from John Hopkins Medical University in 2013 when they published:

“We already know about the health hazards of heavy metals like lead and mercury, but we don't know much about what cadmium does to the body.”

https://www.hopkinsmedicine.org/news/media/releases/elevated_cadmium_levels_linked_to_liver_disease

Nobody who promotes Nico’s venom can reasonably explain how Tamal Krishna Goswami knew in 1977 what the entire world medical industry admits they had little knowledge of 36 years later? This type of rat-dung is exactly what a judge with over 20 years of experience observed after hearing Nico’s “Sworn In” testimony:

“No one, least of all this court, likes to hear from witnesses who only coincidentally tell the truth.”

[RESPONSE TO APPELLANT'S PETITION FOR WRIT OF SUPERCEDEAS AND REQUEST FOR TEMPORARY STAY, August 31, 1983 p.49, line 10]

Nico is a Very Troubled soul

Nico has spent his entire adult life writing hundreds of very offensive pages publicly accusing devotees of murder. Now it’s time for the public to learn how Nico’s whole life has been punctuated with numerous conflicts with devotees and law enforcement.

In the early 1970’s he was part of ISKCON management, but due to his exploitive tendencies, lusty behavior, and emerging schizophrenia he had to be removed from that service. Narcissists can’t stand facing their own serious deficiencies and removing Nico from management where he exploited those under him ignited his fire for revenge! To properly understand how despicable Kuyt is, one has to be willing to read:

“What You NEED to Know about Nico Kuyt (Illustrated Chart!)

<https://jagannatha.com/what-to-know-about-nico/>

Shocking evidence of just how selfish Nico Kuyt is comes from his oldest son Sudda Sattva. He watched his father jump from one bed to another procreating progeny that he failed to provide proper medical treatment for. Nico engaged his children in his nefarious activities as free child labor until his wives were able to protect them and escape his brutality. Sutta Sattva felt such a strong responsibility to warn the public about Nico’s hallucinogenic cruel dysfunction, he created a website where he published the elaborates detail about Nico’s obsessed manic behavior. In 2008 Sudda Sattva also confirmed:

“Nico’s grandiose fantasies at the moment revolve around the theories of Srila Prabhupada’s poisoning. He dreams that he will be the big shot that solves the case and puts the poisoners in jail. He thinks he is taking on the GBC and that he is a threat to them.”

<http://web.archive.org/web/20080102030936/http://www.nomissionnomercy.com>

No reasonable individual who knows the truth about Nico Kuyt would ever endorse anything he touches. Doing so is tantamount to allowing him to continue to wreak havoc,

ନିତଳ ଲାଘୁହସାରା ଦାଢ଼ା ଟଟା...

mayhem, and dysfunction everywhere he goes.

What Evidence?

The poison conspiracy has festered for over 20 years. Like cancer, it has infected those with troubled hearts among the variegated Vaishnava body. There are so many unfounded allegations it is hard to know where to begin exposing them all. Yet when one is no longer bamboozled by Nico's bumptious persona, his house of cards falls in on itself. What follows are just three of the many mendacious claims Nico's extracts from anomalies he relies on to manufacture evidence for a poison conspiracy that never happened.

No Whisper Evidence

Nico completely misrepresents the results reported by the various audio forensic engineers he hired to confirm what he wanted them to endorse. He claims their analysis of inaudible sounds prove malicious behavior, but in fact, all they agreed on was the presence of the single word "*poison*" which proves absolutely nothing at all. Nico expunges all the counter evidence such as: Tom Owens from Owl Investigations reported: "It's NOT poisoning." <https://jagannatha.com/no-whisper-evidence/>

Hair Studies are NOT Irrefutable Proof

Dr. Richard Morris did an NAA analysis on insufficient abnormally tiny pieces of Srila Prabhupada hair. Nico locked in Dr. Morris with an agreement that forbid him from communicating with anyone else and then he censored out whatever Dr. Morris said which did not support his intended poison script. Example: "Do not rule out external contamination!" <http://jagannatha.com/hair-is-not-irrefutable-proof/>

What Srila Prabhupada Said

One of the strongest arguments people fall for is believing Srila Prabhupada himself said he was being poisoned. Yet one of the few honest things even the "Truth Committee" admitted was: "*He never said, '... They have poisoned me.'*" This mistruth is more fully explained in the attached Essential URL's document under: **EXERPT FROM the book DECEPTION Chapter 7. (500pgs)**

Who is the Author of this Vaishnava Service Announcement?

As mentioned above, competent-readers will inquire about the credibility of the author before they take what they write seriously. That applies to this document as well so I provide my devotional resume here:

Who Is Mayesvara: <http://jagannatha.com/who-is-mayesvara-dasa-acbsp/>

When I wrote **DECEPTION** I did not feel it was proper to besmirch Nico. I did not realize at the time how obnoxiously narcissistic he was. I naively though he would honor his request for an independently study on the Poison Conspiracy. It soon became obvious Nico was not just incompetent, but he was intentionally misleading his audience for the reason his son claimed. Nico live in a fantasy world where he plays the role of the "Big Shot" hero who sent the evil GBC to jail!

I underestimated Nico's mental illness. Instead of addressing the long list of issues that remained unanswered, or dropping his charade altogether, he just double-downed with

Vaishnava Seva Savadhana

ਨਿਰਲ ਲਾਘੁਏਵਾਰਾ ਵੇਕਰਾ ਟਰਨੇ...

more propaganda to keep his fantasy alive in the minds of those who also live in their own altered reality.

It is dangerous to expect a psychotic to behave reasonably. Exemplary Brahmins respond to good instruction, unstable sudras understand consequences but the mentally ill either end up in institutions or jail because they don't understand anything. The following comparative matrix has been put together to illustrate the severe juxtaposition between the source of material I present and Nico's perverted fantasies. ISKCON-Bashers will no-doubt call me fat-headed for citing my own accomplishments, but that is to be expected from those unwilling to face facts they are incapable of comprehending.

The left side illustrated the milestones in my 30-year career as a Certified Computer Programmer/Database Engineer professional with a Secret Clearance from the Department of Defense. The right portrays Nico's despicable character, horrendous failures as a husband/father, purveyor of pornography and his criminal involvement with cocaine, heroin, methamphetamines and fentanyl!

Compare Authors (Illustrated Chart!)

<http://jagannatha.com/compare-authors-credibility/>

Apologies

I apologize for the length of this document but suffice it to say there is an avalanche of court-worthy evidence that clearly proves nobody poisoned Srila Prabhupada. That information is readily available for those equiposed enough to read it. The URL's for a whole library of documents exposing the poison hyperbole is provided separately. It is for those still caught in Nico's Svengali stupor or anyone who knows someone trapped in that trance. Everyone is encouraged to share this material widely to help expose the terrible fraud behind Nico's noxiously alleged conspiracy propaganda

I am also personally available to support any genuine effort to set the record straight about the Poison Conspiracy and Nico's narcissistic psychosis.

I hope this meets you in good health!

Thank you!
