

Christians, Jews, Hindus, Muslims & Others pray to God using different names & make up 85% of the population.

Atheists are 15% of population, believe there is no God & can figure life out on their own. How is that possible?

- They:**
- 1) Have imperfect senses
 - 2) Are prone to cheating
 - 3) Inclined to make mistakes
 - 4) Are misled by illusions

The Conflict is **Vertical not Horizontal!**
