

Damage Control!

Everyone Else is WRONG!

Not wanting to draw attention to the serious flaws DECEPTION exposes in the P-Con, Nico picks on the Lampoon which laughs at the absurdity of his accusations. What follows is a collage of his impertinent phrases.

Mayesvara (MAYA) is an expert doubt manufacturer. SPTD 828

He casts aspersions without evidence, is an amateur psychoanalyst, compares the "poison theory" to holocaust denial, insults P-Con promoters, uses 1930's photos of the KKK to ridicule, is a bit wacky with loose screws, uses goofy cartoons, jokes, weird incoherent, rambling, self-contradictory, and unscientific mudslinging. (Nico forgot who is Henry Barnes?) KGBG 18, SPTD 830 DECEPTION Sec 3.9

MAYA makes false accusations, invents logic fallacies, is full of deceptive huff, puff, and bluff, speculates, is desperate, confused, flip-flops, makes crazy proclamations, errant philosophical interpretations, aspersions without evidence, and shows how far dishonest persons will go to obscure solid evidence and prevent his reality from collapsing - which would cause him an unbearable emotional, philosophic, and practical life readjustment.

MAYA did no scientific hair tests, disparages past ones, gets hair mixed up, claims there are difficulties with hair studies, throws mud to see what sticks, engages in weird faulty biased science that is misinterpreted because his agenda is to create doubts via his book/movie DECEPTION, which gets a failing grade, beyond F, maybe a Zzzz. His book should be read or his amateur film watched, only with Pepto Bismol in hand.

MAYA fusses, is dishonest, cheats (offers) empty bluffs, makes false accusations, is deceitful liar, twists the words of other persons, takes potshots, speculates, changes the conversation, is in denial, has sorely lacking arguments, throws together bad science, pathetically ridicules researchers as bribed frauds and nincompoops. He plays scientist and assumes he is more qualified than Dr. Morris whom he mocks with a cartoon, says cadmium is an unusual murder poison with no historical examples of its use, and refers to the Prabhupada Truth Committee (PTC) as "Goofy," marijuana smokers that stole samples.

A Serious, Independent Investigation? DECEPTION 1.4

Nico invited devotees to conduct an independent study and I accepted: "(The PCON's)...invite respected devotees from a variety of sectors to cooperate on an impartial investigation."

My conclusions were unexpected so now he says:

"The (GBC) employed the eccentric, snarling, hyperactive, combative, and arrogant Mayeswara das to produce yet another whitewash denial cover-up, characterizing the "poison theory" as perpetrated by low persons with a hate agenda." *Leaks confirmed*, and extensively worked with the GBC which also funded him SPTD 557 BUT... (his) film and book would not be endorsed by the GBC hinting at legal considerations.

The DECEPTION research was done entirely at my own expense, in my own literary style with NO GBC input. This is why it failed to glean their imprimatur, not for legal reasons! This is thoroughly explained in Section 1.4 of DECEPTION: "A Serious Independent Investigation."

QUESTION: Why do you believe anything Nico claims when there is overwhelming evidence that he intentionally misrepresents reality in a desperate attempt to prop up the P-Con that he contrived? Despite all the bravado about evidence, for over 20 years Nico has failed to get the P-Con heard in any court. He admits his focus is the court of "public-opinion" which means lynch-mob lawlessness. Don't you believe the disciples of HDG deserve the same legal protection that every citizen in the USA is given which is: "They are innocent until proven guilty"?

P-Con

I don't believe we've ever met...

DECEPTION, gets a failing grade, beyond F, maybe a Zzzz.

If this were true, Nico would have taken a screen shot of the film DECEPTION to prove that Bir Krishna was the producer and later got removed. The timestamp of the film on YouTube also confirms the film has been unchanged since Feb 22, 2020. This is just another typical example of the sleazy DECEPTION behind the entire P-Con.

"Since narcissists deep down feel themselves to be faultless, it is inevitable that when they are in conflict with the world they will invariably perceive the conflict as the world's fault." — M. Scott Peck

The sadhus (below) concur: "Nico is unstable", he says: "They are ALL wrong!"

Tamal Krishna Goswami: "I hope those who falsely accused me and others will admit that they were wrong and beg forgiveness, from Srila Prabhupada, whose sublime final pastimes they have attempted to tarnish." -DECEPTION 439

Trivikram Swami: "Nico did not deserve Srila Prabhupada's association" SPTD 535

Danavir Goswami: P-Con advocates are demonic Kali-celas dedicated to disrupting ISKCON, misrepresenting the words of HDG and behave like demons. 536

Bhakti Tirtha Swami: P-Con is a scapegoat for ones own failures. Nico as a mentally and psychologically imbalanced agent of Kali meant to destroy ISKCON. 538

Badrinarayan, Gunagrahi, and Bhakticharu Swamis: Defamed so-called P-Con forensic evidence and claim it is perpetuated by low persons with a hate agenda. 557

Hari Sauri: When asked about P-Con he deferred to the DECEPTION video 553

Tirtharaj & Deva Gaura Hari: (NTIAP). They confirmed there is no whisper or hair evidence for P-Con & explained a normal death trajectory due to diabetes, 551

Suddha Jiva Dasa: Posted a long list of grievances that Nico caused in NC and how he was forced to sue him in 1999 to recover hundreds of thousands of \$ for damages.

See Nico's horrid behavior here: <http://www.vaishnava-news-network.org/usa/US9905/US21-3917.html>

Jagannatha Dasa Puripada Jeffrey Giuliano: Testified that Nico manufactured pre-meditated P-Con fraud & tried to bribe him if he lied to create fake evidence. 539

Rabindra Swarupa: (Nico) assaults (TKGs) devotion, honor & reputation. 531

Mayesvara: DECEPTION fully exposed the P-Con fraud as maliciously intentional and unfounded. It attracts those who are gullible, uninformed, lazy, and/or wounded.

Jayadvaita Swami: I dislike feeling obliged to respond to (the P-Con) garbage. 531

Suddha Sattva, Nico's Oldest Son: Nico is an egotistical, narcissistic man who left a trail of destroyed devotee communities, abandoned children, and abused wives in his path. He continues to hurt people and lure them into his control.

The Entire GBC: The P-Con is a fathomless dishonesty, character assassination, blasphemous to senior devotees, and a threat to the HK movement. 549

Written Testimonies of 14 other Senior Disciple Witnesses: Unanimously agree P-Con was an impossible, fabricated attention-seeking psychopathic lie!

More Clever DECEPTION! "The DECEPTION video on YouTube lists BKM as the "executive producer" and this will be removed soon, as the GBC is online evidence of their denials." p558
