Unless otherwise Noted...

Green Font: ISKCON Opposing Objections & Opinions & Citations

Blue Font: ISKCON Supporting Comments & Scriptural References

Black Font: Editorial Commentary

#### Books Cited:

**SHPM** = *Someone Has Poisoned Me* Nico Kuyt's original assault on common sense was published in 1998. Although this has been the war-cry adopted by the P-CON generals, they themselves admit Srila Prabhupada *Never* said it! Instead, the authorse just look for what they need to find and if it is not there, they just make it up! (atmavan manyate jagat)

**KGBG** = *Kill Guru Become Guru* = Nico Kuyt's revised version 2 of his *Poison-Conspiracy hallucinations* released summer of 2017

**SPHG** = *Srila Prabhupada's Hidden Glories* – This is a reprint of the KGBG document and it repeats the same foolish arguments exposed as irrelevant and contrived in the 2020 publishing of DECEPTION. It leverages the same diametric posturing which is very obvious by all the repeated commentary about arsenic which those behind this rumor abandoned as irrelevant as far back as 2002!.

**PCA** = *Poison Conspiracy Antidote* – Lampon that exposing just how absurd the *Poison-Conspiracy* rumor is. 2017 c/o mayesvara dasa

**DECEPTION** - 500 page book published in 2020 by mayesvara dasa exposing all the intentionally fraudulent propaganda that has been used to prop up the poison conspiracy since its inception.

#### Notes:

1. **His Divine Grace** referred to the six philosophical branches of Vedic Knowledge in his books at several places. However, he did not elaborate extensively on all of them equally. Consequently; In order to make this chart comprehensively informative it was necessary to extend the scope of the research to beyond the BBT resources. Great diligence has been taken to draw this extra material from reliable sources to the best that was available at the time of the printing of this chart.
2. Great effort has been taken to present the quotes used on this chart to the exact text that is referred to by the citation indicators. On some occasions space or graphic limitations require amending the citation in minor ways to fit the place allocated for it. The author has been very careful to not mis convey the essential points that are referred to in the selected quote.
